

Bend with male and female end

BMU 45°

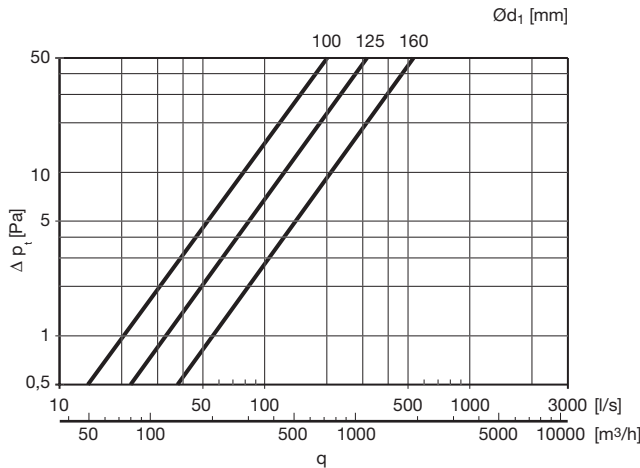

Description

Pressed and seam welded bend with one male and one female end.

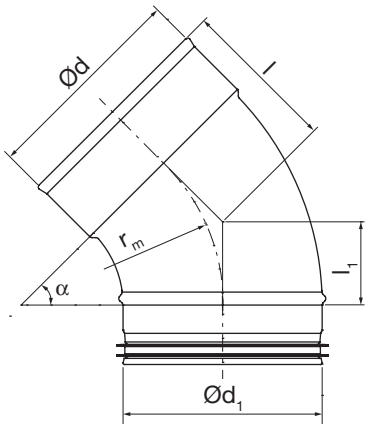

Has Click function at the male (Safe) end – has an open turned over edge.

Has normally not any Click function at the female end – hasn't any notches.

Ø 100–160 can upon order be delivered with click function at the female end as well – i.e. with notches.
